COAL CENTER FAMILY LOST ON THE TITANIC

Wife of John Panula
and Six Children Re-
ported Missing

COMING FROM FINLAND

Husband Had Home Prepar-
ed at Coal Center—Making
Ready to Receive Them

With a new home furnished ready to receive his loved ones John Panula, a well to do Finlander of Coal Centre today received news that in all probability his wife, Marie Panula and his family of six, five sons and one daughter, had gone down with the White Star steamer Titanic Monday morning of last week. Panula had not seen his family for two months, when he left them in Finland to come here to prepare a home for them. He was expecting them to arrive the latter part of this week. Now he is almost broken-hearted. Saturday night he telegraphed to the White Star line's office at New York city and his answer received Sunday was to the effect that so far as was known the whole family had gone down with the Titanic.

Panula and his family lived in or about Coal Centre for about eight years. About two years ago they went back to Finland. He had a large farm there and owned other property. Two months ago he started for his home in this country leaving his wife and children to follow just as soon as possible. Previous to leaving he sold his farm it is said for about 30,000 marks or practically \$6,000 in American money. With that he expected to provide himself and family a good living in this land, while continuing his occupation as a coal miner.

His family left Finland on April 3 and were in Southampton April 7, and it is stated were booked as passengers on the fated steamer. A letter was received since announcing the time they would leave Finland and the probable time they would arrive in this country. Panula heard nothing until through fear that they had been lost he telegraphed to the New York White Star offices.

It is stated that his two oldest sons, were growing into young manhood, while his daughter was about 14 years old, another son about twelve and his two younger sons were four and six years respectively.

It is considered possible that some of Panula's children were among those picked up from the sea, and the stricken parent and his friends will make all efforts to ascertain for a certainty if any of his children were saved. If so they were the younger ones. Friends of Panula say that Mrs. Panula was the sort of a woman who would not leave the doomed vessel until she was sure that every one of her family was being taken care of.

It was stated late this afternoon also that a niece of Panula's was on the steamer and supposedly was lost. She was coming to Coal Centre.

A number of books of the library owned by the Pittsburgh Plate Glass Association were sold at auction Saturday afternoon and evening at the rooms of the association in the Masonic building.

WILL WORK TERRITORY FROM HERE

Plant Department Head-
quarters Changed by
Bell Company

BIG AREA IS INCLUDED

Incidental with putting the new telephone exchange here into operation the Bell Telephone company has inaugurated a decided change in the plant department by making Charleroi the headquarters for southwestern Pennsylvania. The territory will include all but the extreme northern part of Washington county, all of Greene county and parts of Westmoreland and Fayette counties. V. H. Duke, late of Greensburg is at the head of the plant department, which will employ approximately 40 men.

The duty of the plant department is to look after the installation and repair work of equipment. There will be three separate and distinct departments here now but the plant department will be the largest and will have the greatest area of work. Washington, Canonsburg, Claysville and practically all the larger towns excepting McDonald and Burgettstown in the northern part of the county will be included in the territory.

Frank B. Burwell will be continued as the head of the commercial department in the Charleroi district, with the title of manager. Albert Bolen will be the Charleroi plant chief. Only in the plant department has there been a decided change. There will be seven or eight men located here permanently with this department and others of the force will be stationed at various points in the territory.

BELIEVED REGULAR ORGANIZATION WILL TRIUMPH IN COUNTY

Factions Contending For Control of the County
Committee—Election of Officers to
Take Place on Monday

The fine Italian hand of former Congressman E. F. Acheson is said to be working in an agitation that is on over at the county seat regarding the control and organization of the new county committee at the convention to be held at Washington next Monday. At the present time it is stated that there are three distinct factions that have lined up, and unless a harmony deal is made the contest for the supremacy will be fought out to a finish on the convention floor. These factions are first, the present organization, headed by County Chairman C. E. Carothers; an element of the regular organization, who believes that a harmony agreement should be made with the independents and a chairman elected who would be agreeable to each element; and the so-called progressives who supported Roosevelt at the primaries who are out with a full list of candidates on a platform advocating the elimination of money from the campaigns and hands off for the county officials in the matter of influencing nominations.

While former Congressman E. F. Acheson is not out openly in the fight, it is stated that he is backing the so-called progressives in their campaign. When the convention was called for next Monday it was rumored that C. E. Carothers would not be a candidate for re-election as county chairman, and that County Recorder J. C. Sutherland would be the candidate put forward by the county organization. It is stated that this arrangement was objected to by the regulars who are in favor of making a harmony deal, and as no other candidates seemed to be agreeable to both elements, Mr. Carothers announced that he would again be a candidate. As he is be-

lived to have control of the county committee, his election seems to be assured.

In the meantime the so-called progressives have gone ahead and put up their candidates who are making a campaign among the committeemen. These candidates are J. Boyd Crumrine for county chairman; J. B. Sherard for county secretary and John C. Hart for county treasurer. However as little attention was paid by the alleged progressives in the selections of the candidates for county committeemen, it is believed that the regulars will easily control the convention and re-elect Mr. Carothers for another term.

While there has been some talk of Mr. Acheson being a candidate for Congressman at Large before the State convention, which it is supposed will be controlled by the Roosevelt delegates, as well as a candidate for Attorney General, intimate friends of the former Congressman say he will not accept either nomination if tendered. It is stated that J. Verner Clark is out for a place on the State ticket. Mr. Clark was one of Acheson's right hand men, when the latter dominated Washington county politics, and his reappearance into the political arena is thought to be in line with Mr. Acheson's attempt to again be a political factor in Washington county.

Interest now centers in the county convention next Monday and the situation is attracting much attention in political circles. It is expected, however that the regular organization will have no difficulty in electing its chairman and fixing up matters so that the ticket as nominated at the primary will receive the usual majority at the fall election.

Has Pictures Of Titanic

Manager R.S. Coyle Produces
Photoplays of Steamer as
it Leaves Dock

By a master stroke of enterprise Manager R. S. Coyle of the Coyle Theatre secured the first moving picture of the ill-fated steamer Titanic which was wrecked Monday with such a tremendous loss of life, and is showing them this afternoon and evening. The film showed in order Captain Smith making the final inspection of the vessel 10 minutes before it moves away from the Southampton docks, the emergency tele-

Christmas Savings Club

In order to accommodate those who have not had an opportunity to join the Christmas Savings Club

The Charleroi Savings & Trust Co. Will Hold Their
Books Open for Membership Until May 1st

Ask your neighbors about it. They have joined and are delighted with the idea of saving a little every week and getting it in a lump sum two weeks before Christmas, just at a time when it will come in handy for presents.

Here is an Easy Way to Get it. A Sure Way to Have it. Join Our Christmas Savings Club Which Started April 1st.

In Class 1, pay 1c the 1st week, 2c the 2nd week, 3c the 3rd week, 4c the 4th week, 5c the 5th week, 6c the 6th week and so on for 36 weeks, and two weeks before Christmas we will mail you a check for \$6.66 with interest at 3 per cent.

Or in Class 2, pay 2c the 1st week, 4c the 2d week, 6c the 3d week, and so on and we will mail you a check two weeks before Christmas for \$13.32 with interest at 3 per cent.

Or in Class 3, pay 5c the 1st week, 10c the 2d week, 15c the 3d week, and so on and we will mail you a check two weeks before Christmas for \$33.30 with interest at 3 per cent.

Payments Must be Made Every Week, or May Be Made in Advance. Can you think of an easier way to provide money for Christmas presents?

Join yourself—get everyone in the family to join. Show this to your friends and get them to join. Everybody is Welcome to Join. Make Your Christmas A Merry One.

MAKE CUT OVER OF NEW BELL TELEPHONE SYSTEM

Will Hear
Arguments

Prothonotary Contest Pro-
ceedings to be Taken up
This Week

According to Examiner Arthur Witherspoon arguments will be heard this week in the prothonotary contest instituted by Joseph W. Martin, of California, against Dr. A. V. Lewis, of Donora, who is now in the prothonotary's office. Mr. Witherspoon was in Charleroi a short time Sunday afternoon and stated that attorneys for both sides were prepared for argument. The affair will be closed up now as rapidly as possible.

After Examiner Witherspoon has heard the arguments he will write an opinion. If this is not satisfactory to either one or both parties exceptions may be taken and the county court hear the case. By the same method of appeal it could be carried still higher. However it is generally believed that Examiner Witherspoon's decision will be final and will close up the matter entirely.

TOWNSHIP MUST PAY THE COSTS

Exceptions to Carroll
Audit Not Sustained
by the Court

OPINION BY M'ILVAINE

In the matter of the appeal from the report of the auditors in Carroll township, which proceeding was started on September 7, 1908, an opinion has been handed down by the court, written by Judge McIlvaine, finding that the exceptions to the audit are not sustained and ordering the appeal to be dismissed at the cost of Carroll township.

Exceptions were taken to items for \$7,322.53, \$667.21 and \$4,00.60, the first two amounts being alleged to be errors by reason of a large part of the tax duplicate book produced before the auditors by the treasurer and delinquent tax collector being torn out and missing, the auditors not requiring the production of further evidence of the amount of taxes collected at five per cent off and the last item because of an alleged error in the amount it being averred the amount should be \$4,060. Another amount excepted to is \$7,685.82, cash expended for construction repair

Central Battery Ar-
rangement Replaces
Magneto Apparatus

SUBSCRIBERS BENEFIT

Costly Operation Places Bor-
ough Service on Par With
That in Big Cities

Without formality save in the haste to get the cut over properly made, the new central battery system and telephone exchange was put into operation by the Bell Telephone company at 10:07 o'clock Saturday night. But four connections were disturbed when the change was made from the old to the new operating board. The immediate effect of the change to the subscribers was the abandonment of the old-fashioned crank turning system to get central. It took just 25 seconds to make the change from the old to the new system and the first call came in immediately afterward, it being from T. P. Grant's residence to Grant's Hardware store. The installation of the new system was supervised by G. M. Mereness of the Bell Telephone's engineering department at Pittsburgh. A number of telephone men from other points were present. Among the higher officials here who assisted in making the cut over were J. K. Martin, supervisor of all plants outside of Pittsburgh, and C. L. Collette of Uniontown, traffic inspector. When the first call was made at the new board there were two operators in charge, the day operator Miss Rilla Fields and the night operator, Miss Margaret Fuller.

All that subscribers have to do now to call central is to lift the receiver off the hook. Eighteen thousand dollars' worth of equipment and the operator does the rest, and the party is talking to the person he called. The system is one of the most costly the Bell Telephone company has in a town of Charleroi's size in the country. The system is that by the use of storage batteries in the exchange building, tiny lights for each individual or party line flashes in front of the operator when a call is made. Power furnished by the West Penn Electric company takes the place of the dry cell in use under the old magneto system.

Loading into the operating room are three 200 pair cables, each pair containing 400 wires, and a 50-pair cable for toll connections. These cables come from all directions of the compass to the central office. Their wires pass through a fuse to the main distributing frame and from there enter the multiple, in which there is also a lightning arrester. From this apparatus the wires enter the operating board. Two cross connections in the apparatus make it comparatively easy to change a wire from one position on the operating board to another or to install new telephone connections.

A high storage battery of eleven cells contained in a large frame, in reality forms the center of the whole plant. This battery constitutes the motive power for the operation of the system and with the assistance of the power of the West Penn Electric company does the Herculean tasks set

BIG CROPS NEEDED.

This week's business forecast by the
banking house of Henry Clews &
company of New York, which is con-
sidered authority on the financial and
industrial condition of the country,
states that the United States as well
as the whole world is basing its ex-
pectations on a good crop year. This
the review says, is the most important
factor for the prosperity and well be-
ing of the country at the present
time.

A poor harvest year would mean
not only poor business but still
higher prices for food, followed by
corresponding public and political
discontent. Nothing is more impera-
tive for continued prosperity than a
series of big harvests during the next
few years. The prices of food are
high because there is a relative
scarcity of farm products, due to the
fact that our population is increasing
more rapidly than the output of the
farm. It is therefore necessary to
have bountiful harvests, as well as
industrial activity. Anything that
will stimulate agricultural activity
will be more important at this par-
ticular time than anything that can
be done to promote the general pros-
perity of the country.

ONE OF THE TRIBUTES

The announcement that the Wash-
ington & Jefferson Academy at Wash-
ington will be discontinued at the ex-
piration of the present school year is
a tribute to the efficiency of the pub-
lic school system of Pennsylvania.
This school has been maintained for
many years as a preparatory school
for Washington & Jefferson College,
but of late years the efficiency of the
various public High Schools of this
section of the State has been such
that a special preparatory school is
no longer needed. Students no pass
directly from the county High Schools
into the college and special prepara-
tory training is not necessary. The
student is usually sufficiently prepar-
ed in his High School course in the
public schools.

This is a high commentary upon
the efficiency of our High School, and
it demonstrates that the object of
popular education is being attained.
While there is still considerable di-
vergence of opinion on the part of ed-
ucators in regard to higher education
the system by which the preliminary
training carries the student along to
the period where he can enter an in-
stitution for higher education is a
fulfillment of the desired end. Edu-
cators are not yet agreed upon what
constitutes the best practical train-
ing for students, but the evolu-
tionary process is at all times the ob-
ject of the preliminary training in
our public school. That this end is
being attained is evidenced by various
conditions, and it is a high tribute to
the efficiency and progress of our
schools.

ELECTRIC SPARKS

Little politics is being displayed in
the Titanic affair.

The man is to be pitied who is
never on time when he knows money
is coming to him.

Bravery always commands admira-
tion in the same sense that cowardice
always creates dislike.

Though not intentionally irrever-
ent, still it seems that Carnegie Hero
medals will be in big demand.

The present day illustration of the
old saying of the tail wagging the
dog is the 90-horse power horn on a
20 horse power automobile.

It does not pay to write political
prediction several weeks ahead of
time when the machines are in need
of oiling.

A writer says that the tendency of
every man is to live up to his name.
Some men then do not have to work
very hard.

Abe Martin imparts considerable
wisdom when he says "Campaign
predictions several weeks ahead of
trees this year.

PICKED UP IN PASSING

Through the courtesy of Manager
F. B. Burwell several Charleroi peo-
ple were accorded the privilege of
witnessing the "cut over" when the
Bell Telephone company changed to the
automatic system Saturday
night, which their plant operatives
have been busy installing during the
past several months. While the ac-
tual process of "cutting over" was a
very simple matter and was accom-
plished in 25 seconds when every-
thing was ready, the magnitude of
the plant with its myriad of wires
and the almost human devices of
of the new automatic switchboard con-
veys in a measure the wonderful in-
tricacies of the Bell Telephone system
and the magnitude of its operations.

Wonderful as is the development of
the telephone, it is a comparatively
recent invention. Every man and wo-
man 50 years old can well remember
when there were no telephones in ex-
istence, and when the invention was
announced that people could talk to
each other at a distance by wire, the
same as they could telegraph by
sound. Then the 15-year-old chil-
dren who are the 50-year-olds today,
improvised amateur telephones by
punching a hole in the bottoms of
two empty cans, and connecting them
with a long string or wire. This was
in 1876 and it was only a year before
that Alexander Graham Bell, a young
teacher of acoustics and elocution in
Boston discovered that he could

transmit a sound wave over a wire by
means of a crude instrument he had
devised with no other electrical force
than a couple of magnets.

This was the beginning of the tele-
phone—in 1876. A year later the dis-
covery was announced to the world,
and the invention was exploited at the
Centennial Exposition at Philadel-
phia in 1876. It was at first regard-
ed as a toy, and received with incred-
ulity by the public. Leading news-
papers that today depended entirely
upon the telephone for the collection
of the greatest part of their news
matter, scoffed at the invention and
characterized the inventor as an im-
practical dreamer. Then followed the
process of introducing the telephone
and building up a business.

Looking at the marvelous intricacy
of the plant system that has been in-
stalled in Charleroi it is hard to real-
ize how it has been developed from
two instruments at the ends of a
single wire. It is also hard to realize
that the great and powerful Bell Tel-
ephone company at one time had the
hardest kind of a struggle for ex-
istence and came very near being
wiped out of existence by the West-
ern Union Telegraph company, which
finally awoke to the dangers of the
competition of the new device and
the possibilities it offered. Now the
Western Union has succumbed to the
inevitable and has been during the
last year or more absorbed by the Bell
interests. All this has happened in
35 years, and looking back over that
period and reviewing the advances
and developments that have been

GIVE SUPPER FOR ATHLETICS

To secure funds for athletics pupils
of the Charleroi High School gave a
supper Saturday night in the Low-
stutter building on Fallowfield ave-
nue. Nearly 300 people attended
and it is estimated the receipts will
be approximately \$70. High School
is preparing for their field meet to
be held on May 11 at the Charleroi
Base Ball park. Monessen and Mon-
ongahela High Schools are to partic-
ipate.

Choral Club Meeting.
The weekly meeting of the Char-
leroi Choral Club has been announced
to be held this evening at 8 o'clock at
the Methodist Episcopal church.

For Women Who Care

Of course you use an antiseptic in your
family and in the care of your own
person, and you want the best.
Instead of what you have been using
such as liquid or tablet antiseptics or
peroxide, won't you please try Paxtine,
a concentrated antiseptic powder to be
dissolved in water as needed.
Paxtine is more economical, more
cleansing, more germicidal and more
healing than anything you ever used.

Paxtine
ANTISEPTIC

In the toilet—to cleanse and whiten
the teeth, remove tartar and prevent
decay. To disinfect the mouth, destroy
disease germs, and purify the breath.
To keep artificial teeth and bridgework
clean and odorless. To remove nicotine
from the teeth and purify the breath
after smoking. To eradicate perspira-
tion odors by sponge bathing.

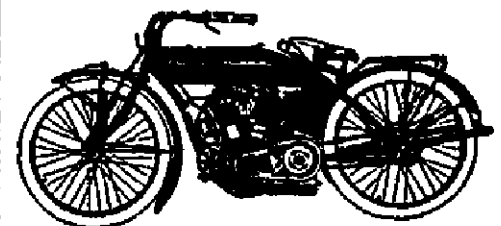

As a medicinal agent for local
treatment of feminine ills where pelvic
catarrh, inflammation and ulceration
exist, nothing equals hot douches of
Paxtine. For ten years the Lydia E.
Pinkham Med. Co. has been regularly
advising their patients to use it because
of its extraordinary cleansing, healing
and germicidal power. For this
purpose alone Paxtine is worth its weight
in gold. Also for nasal catarrh, sore
throat, inflamed eyes, cuts and wounds.
All druggists, 25 and 50 cents a box.
Trial box and testimony of 31
women free on request.

"LOOK OUT FOR THE CARS"

DO YOU know of anyone
who is old enough to
read, who has not seen the
sign at a railroad crossing?

If everyone has seen it at some
time or other, then why doesn't
the railroad let the sign rot
away? Why does the railroad
company continue to keep
those signs at every crossing?

Maybe you think, Mr. Merchant,
"Most everybody knows my
store, I don't have to advertise."

Your store and your goods need
more advertising than the rail-
roads need to warn people
to "Look Out for the Cars."

Nothing is ever completed in the
advertising world.

The Department Stores are a
very good example—they are
continually advertising—and
they are continually doing a
good business.

If it pays to run a few ads "round
about Christmas time, it cer-
tainly will pay you to run ad-
vertisements about all the time.

It's just business, that's all, so

TAKE NOTICE: All who are concerned in this Appraisement that an appeal will be held in the office of the County Treasurer in Washington, on Saturday, May 4th, 1912, between the hours of 9 a. m. and 4 p. m., when and where you may attend if you think proper.
Thomas C. Luellen, Mercantile Appraiser.

RUFFLES IN FASHION AGAIN

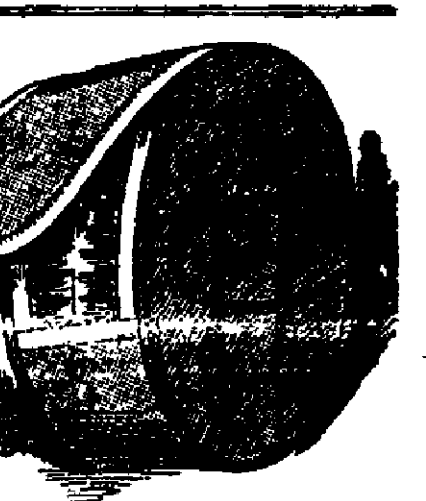

How They Are Applied to Some of the Newest and Prettiest of Gowns:

Ruffles have come into fashion again. Slender women and young girls will welcome these dainty trimmings for their dresses.
Some of the newest frocks from Paris have a narrow ruffle around the bottom of the skirt and show the same mode of adorning plain bodices.
A pretty model for a debutante, especially if she be a slender slip of a girl, is a frock of figured net made up over a slip of satin in a delicate shade. Make the bodice perfectly plain, except for a deep V of finely tucked mousseline.
On a straight foundation of net put three lace-edged ruffles three inches wide, letting them overlap very slightly, and arrange them so as to form a point at the ends. Place this over the shoulders of the bodice from the waist line in the back to the waist line in the front, outlining the yoke. Make a plain, close-fitting sleeve, with a narrow lace edge to correspond with the ruffle edge, and finish the low-cut neck in the same way.
Make the skirt slightly full around the waist and shirr it in at the knees, where the same width ruffles that are on the bodice are repeated. Turn up a three-inch hem and have the skirt ankle length.
Narrow ruffles are being applied to the new gowns in many different ways. The surprise effect is obtained sometimes with a broad piece of embroidery laid on over the shoulders and edged with a narrow ruffle of lace or hemstitched batiste or handkerchief linen.
Ruffles of embroidery or lace edge sailor collars, cuffs and the broad brims of lingerie hats.
Graceful ruffles are again appearing on the hem of skirts. Although this fashion seems like a revival of the old one, it is somewhat changed by having these flounces made of the softest possible material and put on rather scant; but even so they give a soft finishing touch that is impossible to obtain in any other way.

CASE FOR THE HAIR BRUSHES

Any Material That Is Strong May Be Made Use Of for This Valuable Appurtenance.

This is a useful case for men's hair brushes, and it may be carried out in any fairly strong material. It must in a measure be specially made for the particular brushes it is destined

to contain, as brushes of this kind vary in shape and size, and the case should fit them closely.
Two oval pieces of cardboard should be cut out just a trifle larger in size than the back of the brush, and smoothly covered with the material that has been selected. The brushes can then be placed together and in this way the width of the case determined. This portion of the case should be lined, and have an interlining of thin cardboard to stiffen it. The flap, which lifts up for the insertion of the brushes, is bound at the edge with narrow ribbon, and fastens with a button and buttonhole. The edges of the case are finished off with a silk cord, and initials or some pretty little floral design may be worked on either side. For ordinary use upon the dressing table or for traveling purposes, a case of this kind is always handy and helps to keep the brushes clean and free from dust.
Bicycle Wheel in Astronomy.
An interesting use has been found in astronomy for the bicycle wheel. By fitting such a wheel with a series of opaque screens placed at regular intervals and then rotating it with the aid of a small motor at the rate of from 30 to 50 turns in a minute before the cameras used to photograph meteors, one investigator has succeeded in measuring the velocity of the meteor's flight. The principle depends upon the interruptions produced by the screens in the trails of light made upon the photographic plates by the flying meteor. The velocity of the wheel is known at every instant by means of a chronographic record, and the length of the interruptions indicate the speed of the meteor.

Turkey's Plan for Undiluted Milk.
The sanitary inspector of Salontia, in Turkey, has adopted a plan for insuring to the public a supply of undiluted milk. He has ordered a supply of cans fitted with valves working in such a manner that a liquid may be poured out but not in. Another opening permits the cans to be filled with milk. The cans, when they are full, are taken to inspection depots, where their contents are chemically tested, after which this second opening is closed and stamped with an official seal. All dealers will be supplied with these cans and compelled to use them.

AGED "CHILDREN"

Fathers Were in Revolution

There are still living in New England ten or more persons whose fathers were American soldiers in the Revolutionary war. All of them are over 90 and some over 100 years old. All aged and elderly persons can add greatly to their comfort by keeping their energy and strength up to the highest point through the use of Vinol, our delicious cod liver and iron preparation without oil.

Mrs. A. M. Bassford, 88 years old, of Harrisonburg, Va., says: "I have been using Vinol for the past three years and am on my thirty-second bottle now. I think Vinol will do all it is recommended to do and that it is all that has kept me alive the past three years. I tried almost every other medicine and found Vinol the best." Vinol is fine for old people because its immediate effect is to sharpen the

appetite and enrich the blood, building up natural strength and energy. We guarantee Vinol to do all this and pay back your money if it does not. Piper Bros., Druggists, Charleroi, Pa.

Miss Mary Booth of Pittsburg has been visiting at the home of her uncle H. J. Booth of Crest avenue.

"Women All At Sea."

There are thousands of women today entirely at sea, so to speak, as far as their ailments are concerned.

Many are suffering in silence rather than consult a physician, while many others have sought advice and taken medicines without help and are literally discouraged.

Such women should remember that Lydia E. Pinkham's Vegetable Compound may be relied upon to act promptly and thoroughly in such cases. It strengthens the nerves and muscles and restores the female system to a normal healthy condition.

OSTEOPATHS IN SESSION

Name Officers for Ensuing Year—Dr. Wright Retires as President

Dr. C. C. Wright attended the annual meeting of the Western Pennsylvania Osteopathic Association at Pittsburg on Saturday and participated in the election of officers. Dr. Wright was last year's president. Officers elected Saturday for the ensuing year were: President, Dr. N. G. Husk, Pittsburg; vice president, Dr. Lloyd P. Irwin, Washington; secretary, Dr. Mary Compton, Pittsburg; treasurer, Dr. Silas Dinsmore, Pittsburg.

BELL EMPLOYEES ORGANIZE TEAM

A baseball team has been organized by the Bell Telephone employees here and an effort is being made to secure games with some of the best independent teams of the vicinity. The lineup will probably be: Bolen, catcher; McClintock, pitcher; Williamson, short stop; Dake, first base; Patrick, second base; Jones, third base; Rickard, left field; Lowe, middle field; Eisman, right field. Mahan, Laughlin and Davis will be substitutes. McClintock, the pitcher and Dake, the first baseman are experienced men on the field. McClintock is now considering an offer from Salem, in the O. & P. league. Dake played at colleges. Others of the team are considered exceptionally good for independents.

TOWNSHIP MUST PAY THE COSTS

(Continued from First Page) and improvement of roads alleged to contain large sums of money paid A. J. Fisher, Robert Boyd and Robert W. Scott the supervisors for 1907, in violation of the law and for other reasons, including money paid William Abbott, \$321.18, for which no receipts were exhibited and money paid Robert W. Scott, alleged illegally.

An item for \$5,603.02, overdrafts, loans and interest, was objected to as an error, no vouchers being produced or evidence offered at the audit for the payment of \$4,277.25, of the amount. Exceptions also alleged that an item for \$6,480.41 was an error, no books being produced before the audit from which the auditors could properly arrive at the balance of the taxes outstanding.

The audit was of the accounts of the supervisors for 1907.

LOCAL MENTION

Harrison D. Mason, former mining engineer at the Charleroi Coal Works who holds a position in Pittsburg with the United States Bureau of Mines was a visitor in Charleroi Sunday.

Mr. and Mrs. Albert Cordes left this morning for Buffalo, N. Y., where they will spend a few days.

Miss Winifred McCleary of Claysville, a former teacher in the Charleroi schools visited friends here.

Mr. and Mrs. Arch Hornell of Ashtabula, Ohio, have arrived for a visit with their parents here.

C. E. Lantz, a former Charleroi feed dealer, who is now located on a farm near Carmichaels was calling on friends here Sunday and today.

Miss Della Jacobs, who is a student at the Dana School of Music at Warren, Ohio, is visiting her mother, Mrs. Blanche Jacobs, of Second street.

Lee Lowenstein and Alex Schwartz of Brownsville were visitors with friends in Charleroi Sunday.

W. J. Little of Donora was a visitor in town Sunday afternoon.

Miss Leona Evans, who is employed as a milliner at Verona visited over Sunday with her parents, Mr. and Mrs. James Evans of Fifth street.

Frank C. MacHale of Washington was a Sunday visitor with relatives and friends. Mr. MacHale is the baseball coach of the Washington & Jefferson College baseball team.

Don Allen spent Sunday in Fredericktown with friends.

William Jackson, who is employed in Pittsburg visited his parents Mr. and Mrs. James Jackson of Fourth street over Sunday.

Miss Helen Meeker is spending the day in Pittsburg.

Mr. and Mrs. Dale Allen of Youngstown, Ohio, were Sunday visitors with the former's parents, Mr. and Mrs. Clarence Allen of McKean avenue.

E. F. Krahmer and R. C. Mountsier have returned from a fishing trip at Howard, Center county.

Frank Arrison was in Uniontown Sunday.

Miss Lulu Trew is spending today in Pittsburg.

Miss Roberta Trew has returned from a visit with friends and relatives at Beaksville.

Roy James and Doss James, who are students at Pittsburg schools were over Sunday visitors at their homes here.

Mrs. V. E. Reeves is spending a few days in Pittsburg with her mother, Mrs. M. E. Riggs.

Ralph Richards of Pittsburg visited his mother, Mrs. M. E. Richards Sunday.

Louis Mitchell was in Newell Sunday visiting his parents.

Miss Jean Whitehead who teaches at Beaver was at home over Sunday visiting her parents, Mr. and Mrs. R. J. Whitehead of Prospect avenue.

Ed Welsh of Pittsburg, a passenger brakeman on the P. R. R., after a week's vacation, some of which was spent in Charleroi, has resumed his duties.

MAKE CUT OVER OF TELEPHONE SYSTEM

(Continued from First Page)

for them. There is absolutely no danger of them quitting on the job so thoroughly are they constructed and so closely are they watched. There is absolutely no danger to the operators from lightning, they being doubly protected by the lightning arrester and other apparatus.

In the new equipment, poles and so forth it took \$18,000 to install the central or common battery system. Central office supplies and fixtures which were set by the Western Electric company cost approximately \$8,000, changes in the subscriber's telephone boxes cost \$4,000, about 100 new poles cost \$1,300, over 11,000 feet of cable cost \$4,000 and \$700 was spent in rewiring. There are about 550 subscribers. The entire second floor of the Charleroi Savings and Trust company building is occupied now by the Bell Telephone company. Among the innovations will be a rest room for operators at the southern end of the building. The exchange is in the well lighted room in the front of the building at Fifth street and Fallowfield avenue. Arrangements have been made for rural lines, so that where rural residents having phones on the same party line, will not have to call central to get the person to whom they wish to talk but merely ring them themselves. Incidental with the work being done in Charleroi \$3,000 is being spent in new cable for Donora.

The old equipment in use under the magneto system will be torn out and partly destroyed. A new force of workmen will begin this week on removing the old telephones from the homes of subscribers and replacing them with new ones, on which a crank handle is conspicuous by its absence.

ODD FELLOWS

ATTEND CHURCH

Sixty members of Charleroi Lodge, No. 1030, I. O. O. F., representing the order attended church services in a body at the First Baptist church Sunday morning. Rev. E. G. Stanley, the pastor, preached on the theme, "The Uniqueness of Jesus." The lodge marched from their hall at the corner of Fifth street and Washington avenue to the church, each member wearing the Odd Fellows badge.

Card of Thanks.

We desire to thank the officers of the Supreme Circle of the Protected Home Circle and especially the proper officers and members of Charleroi Circle 303 Protected Home Circle for the prompt payment of one thousand dollars death benefit paid us April 20th on a policy held by our deceased son Linn C. Furrner and most heartily recommend the order as a safe, prompt and reliable protection in cause of death.

Henry Furrner and Family.

HAS PICTURES OF TITANIC

(Continued from first page.)

phone to be used in case of storm, the first, second and third cabin promenades, the loading of passenger's baggage the forward view of the three cabin decks and finally the thousands cheering as the boat laden with its precious human freight moves away on its fatal voyage. Probably the most striking of all the pictures is the view of the second cabin deck. This picture gives one a clearer conception of the immensity of the steamer. The last view is also peculiarly striking, showing as the Titanic moves out of the dock the passengers crowding every deck. Then comes a realization of the terrible catastrophe which sent 1,700 souls into eternity.

COAL CENTER FAMILY LOST ON THE TITANIC

Wife of John Panula
and Six Children Re-
ported Missing

COMING FROM FINLAND

Unkand Had Home Prepar-
ed at Coal Center—Making
Ready to Receive Them

With a new home furnished ready to receive his loved ones John Panula, a well to do Finlander of Coal Centre today received news that in all probability his wife, Marie Panula and his family of six, five sons and one daughter, had gone down with the White Star steamer Titanic Monday morning of last week. Panula had not seen his family for two months, when he left them in Finland to come here to prepare a home for them. He was expecting them to arrive the latter part of this week. Now he is almost broken-hearted. Saturday night he telegraphed to the White Star line's office at New York city and his answer received Sunday was to the effect that so far as was known the whole family had gone down with the Titanic.

Panula and his family lived in or about Coal Centre for about eight years. About two years ago they went back to Finland. He had a large farm there and owned other property. Two months ago he started for his home in this country leaving his wife and children to follow just as soon as possible. Previous to leaving he sold his farm it is said for about 30,000 marks or practically \$6,000 in American money. With that he expected to provide himself and family a good living in this land, while continuing his occupation as a coal miner.

His family left Finland on April 3 and were in Southampton April 7, and it is stated were booked as passengers on the fated steamer. A letter was received since announcing the time they would leave Finland and the probable time they would arrive in this country. Panula heard nothing until, through fear that they had been lost he telegraphed to the New York White Star offices.

It is stated that his two oldest sons, were growing into young manhood, while his daughter was about 14 years old, another son about twelve and his two younger sons were four and six years respectively.

It is considered possible that some of Panula's children were among those picked up from the sea, and the stricken parent and his friends will make all efforts to ascertain for a certainty if any of his children were saved. If so they were the younger ones. Friends of Panula say that Mrs. Panula was the sort of a woman who would not leave the doomed vessel until she was sure that every one of her family was being taken care of.

It was stated late this afternoon also that a niece of Panula's was on the steamer and supposedly was lost. She was coming to Coal Centre

To Become a Consul

Harry B. Richardson of Bentleyville Wins Place in
U. S. Service

Harry B. Richardson, principal of the Bentleyville High School has received notification that he had been appointed to a place in the United States consular service. He is to report at Washington within a few days. He expects to go to some German city. Mr. Richardson is a graduate of Washington and Jefferson College.

Books Sold at Auction.
A number of books of the library owned by the Pittsburg Plate Glass Association were sold at auction Saturday afternoon and evening at the rooms of the association in the Masonic building.

WILL WORK TERRITORY FROM HERE

Plant Department Headquarters Changed by
Bell Company

BIG AREA IS INCLUDED

Incidental with putting the new telephone exchange here into operation the Bell Telephone company has inaugurated a decided change in the plant department by making Charleroi the headquarters for southwestern Pennsylvania. The territory will include all but the extreme northern part of Washington county, all of Greene county and parts of Westmoreland and Fayette counties. V. H. Dake, late of Greensburg is at the head of the plant department, which will employ approximately 40 men.

The duty of the plant department is to look after the installation and repair work of equipment. There will be three separate and distinct departments here now but the plant department will be the largest and will have the greatest area of work. Washington, Canonsburg, Claysville and practically all the larger towns excepting McDonald and Burgettstown in the northern part of the county will be included in the territory.

Frank B. Burwell will be continued as the head of the commercial department in the Charleroi district, with the title of manager. Albert Bolen will be the Charleroi plant chief. Only in the plant department has there been a decided change. There will be seven or eight men located here permanently with this department and others of the force will be stationed at various points in the territory

BELIEVED REGULAR ORGANIZATION WILL TRIUMPH IN COUNTY

Factions Contending For Control of the County
Committee--Election of Officers to
Take Place on Monday

The fine Italian name of former Congressman E. F. Acheson is said to be working in an agitation that is on over at the county seat regarding the control and organization of the new

to be held at Washington next Monday. At the present time it is stated that there are three distinct factions that have lined up, and unless a harmony deal is made the contest for the supremacy will be fought out to a finish on the convention floor. These factions are first, the present organization, headed by County Chairman C. E. Carothers; an element of the regular organization, who believe that a harmony agreement should be made with the independents and a chairman elected who would be agreeable to each element; and the so-called progressives who supported Roosevelt at the primaries who are out with a full list of candidates on a platform advocating the elimination of money from the campaigns and hands off for the county officials in the matter of influencing nominations.

While former Congressman E. F. Acheson is not out openly in the fight, it is stated that he is backing the so-called progressives in their campaign. When the convention was called for next Monday it was rumored that C. E. Carothers would not be a candidate for re-election as county chairman, and that County Recorder J. C. Sutherland would be the candidate put forward by the county organization. It is stated that this arrangement was objected to by the regulars who are in favor of making a harmony deal, and as no other candidates seemed to be agreeable to both elements, Mr. Carothers announced that he would again be a candidate. As he is be-

Christmas Savings Club

In order to accommodate those who have not had an opportunity to join the Christmas Savings Club

The Charleroi Savings & Trust Co. Will Hold Their
Books Open for Membership Until May 1st

Ask you neighbors about it. They have joined and are delighted with the idea of saving a little every week and getting it in a lump sum two weeks before Christmas, just at a time when it will come in handy for presents.

Here is an Easy Way to Get it. A Sure Way to Have it. Join Our Christmas Savings Club Which Started April 1st. In Class 1, pay 1c the 1st week, 2c the 2nd week, 3c the 3rd week, 4c the 4th week, 5c the 5th week, 6c the 6th week and so on for 36 weeks, and two weeks before Christmas we will mail you a check for \$6.66 with interest at 3 per cent.

Or in Class 2, pay 2c the 1st week, 4c the 2d week, 6c the 3d week, and so on and we will mail you a check two weeks before Christmas for \$13.32 with interest at 3 per cent.

Or in Class 3, pay 5c the 1st week, 10c the 2d week, 15c the 3d week, and so on and we will mail you a check two weeks before Christmas for \$33.30 with interest at 3 per cent.

Payments Must be Made Every Week, or May Be Made in Advance. Can you think of an easier way to provide money for Christmas presents?

Join yourself—get everyone in the family to join. Show this to your friends and get them to join. Everybody is Welcome to Join. Make Your Christmas A Merry One.

MAKE CUT OVER OF NEW BELL TELEPHONE SYSTEM

Will Hear
Arguments

Prothonotary Contest Proceedings to be Taken up
This Week

According to Examiner Arthur Witherspoon arguments will be heard this week in the prothonotary contest instituted by Joseph W. Martin, of California, against Dr. A. V. Lewis, of Donora, who is now in the prothonotary's office. Mr. Witherspoon was in Charleroi last Saturday afternoon and stated that attorneys for both sides were prepared for argument. The affair will be closed up now as rapidly as possible.

After Examiner Witherspoon has heard the arguments he will write an opinion. If this is not satisfactory to either one or both parties exceptions may be taken and the county court hear the case. By the same method of appeal it could be carried still higher. However it is generally believed that Examiner Witherspoon's decision will be final and will close up the matter entirely.

TOWNSHIP MUST PAY THE COSTS

Exceptions to Carroll
Audit Not Sustained
by the Court

OPINION BY McILVAINE

In the matter of the appeal from the report of the auditors in Carroll township, which proceeding was started on September 7, 1908, an opinion has been handed down by the court, written by Judge McIlvaine, finding that the exceptions to the audit are not sustained and ordering the appeal to be dismissed at the cost of Carroll township.

Exceptions were taken to items for \$7,322.58, \$667.21 and \$4,00.60, the first two amounts being alleged to be errors by reason of a large part of the tax duplicate book produced before the auditors by the treasurer and delinquent tax collector being torn out and missing, the auditors not requiring the production of further evidence of the amount of taxes collected at five per cent off and the last item because of an alleged error in the amount it being averred the amount should be \$4,060. Another amount excepted to is \$7,685.82, cash expended for construction repair

Central Battery Arrangement Replaces
Magneto Apparatus

SUBSCRIBERS BENEFIT

Costly Operation Planned
ough Service on Par With
That in Big Cities

Without formally save in the haste to get the cut over properly made, the new central battery system and telephone exchange was put into operation by the Bell Telephone company at 10:07 o'clock Saturday night. But four connections were disturbed when the change was made from the old to the new operating board. The immediate effect of the change to the subscribers was the abandonment of the old-fashioned crank turning system to get central. It took just 25 seconds to make the change from the old to the new system and the first call came in immediately afterward, it being from T. P. Grant's residence to Grant's Hardware store. The installation of the new system was supervised by G. M. Mereness of the Bell Telephone's engineering department at Pittsburg. A number of telephone men from other points were present. Among the higher officials here who assisted in making the cut over were J. K. Martin, supervisor of all plants outside of Pittsburg, and C. L. Collette of Unontown, traffic inspector. When the first call was made at the new board there were two operators in charge, the chief operator Miss Rilla Fields and the night operator, Miss Margaret Fuller.

All that subscribers have to do now to call central is to lift the receiver off the hook. Eighteen thousand dollars' worth of equipment and the operator does the rest, and the party is talking to the person he called. The system is one of the most costly the Bell Telephone company has in a town of Charleroi's size in the country. The system is that by the use of storage batteries in the exchange building, tiny lights for each individual or party line flashes in front of the operator when a call is made. Power furnished by the West Penn Electric company takes the place of the dry cell in use under the old magneto system.

Leading into the operating room are three 200 pair cables, each pair containing 400 wires, and a 50-pair cable for toll connections. These cables come from all directions of the compass to the central office. Their wires pass through a fuse to the main distributing frame and from there enter the multiple, in which there is also a lightning arrester. From this apparatus the wires enter the operating board. Two cross connections in the apparatus make it comparatively easy to change a wire from one position on the operating board to another or to install new telephone connections.

A high storage battery of eleven cells contained in a large frame, in reality forms the center of the whole plant. This battery constitutes the motive power for the operation of the system and with the assistance of the power of the West Penn Electric company does the Herculean tasks set

BIG CROPS NEEDED.

This week's business forecast by the
banking house of Henry Clegg &
company of New York, which is con-
sidered authority on the financial and
industrial condition of the country,
states that the United States as well
as the whole world is basing its ex-
pectations on a good crop year. This
the review says is the most important
factor for the prosperity and well be-
ing of the country at the present
time.

A poor harvest year would mean
not only poor business but still
higher prices for food, followed by
corresponding public and political
discontent. Nothing is more impera-
tive for continued prosperity than a
series of big harvests during the next
few years. The prices of food are
low because there is a relative
surplus of farm products, due to the
fact that our population is increasing
more rapidly than the output of the
farm. It is therefore necessary to
have bountiful harvests, as well as
industrial activity. Anything that
will stimulate agricultural activity
will be a great help. At this particu-
lar time than anything that can
be done to promote the general pros-
perity of the country.

ONE OF THE TRIBUTES

The announcement that the Wash-
ington & Jefferson Academy at Wash-
ington will be discontinued at the ex-
piration of the present school year is
a tribute to the efficiency of the pub-
lic school system of Pennsylvania.
This school has been maintained for
many years as a preparatory school
for Washington & Jefferson College,
but of late years the efficiency of the
various public High Schools of this
section of the State has been such
that a special preparatory school is
no longer needed. Students no pass
directly from the county High Schools
into the college and special prepara-
tory training is not necessary. The
student is usually sufficiently prepar-
ed in his High School course in the
public schools.

This is a high commentary upon
the efficiency of our High School, and
it demonstrates that the object of
popular education is being attained.
While there is still considerable di-
vergence of opinion on the part of ed-
ucators in regard to higher education
the system by which the preliminary
training prepares the student along
the period where he can enter an in-
stitution for higher education is a
fulfillment of the desired ends. Ed-
ucators are not yet agreed upon what
constitutes the best practical train-
ing for students, but the evolu-
tionary process is at all times the ob-
ject of the preliminary training in
our public school. That this end is
being attained is evidenced by various
conditions, and it is a high tribute to
the efficiency and progress of our
schools.

ELECTRIC SPARKS

Little politics is being displayed in
the Titanic affair.

The man is to be pitted who is
ever on time when he knows money
is coming to him.

Bravery always commands admira-
tion in the same sense that cowardice
always creates dislike.

Though not intentionally irrever-
ent, still it seems that Carnegie Hero
medals will be in big demand.

The present day illustration of the
old saying of the tail wagging the
dog is the 90-horse power horn on a
20 horse power automobile.

It does not pay to write political
prediction several weeks ahead of
time when the machines are in need
of oiling.

A writer says that the tendency of
every man is to live up to his name.
Some men then do not have to work
very hard.

Abe Martin imparts considerable
wisdom when he says "Campaign
predictions several weeks ahead of
trees this year.

PICKED UP IN PASSING

Through the courtesy of Manager
F. B. Burwell several Charleroi peo-
ple were accorded the privilege of
witnessing the "cut over" when the
Bell Telephone company changed to
the automatic system Saturday
night, which their plant operatives
have been busy installing during the
past several months. While the ac-
tual process of "cutting over" was a
very simple matter and was accom-
plished in 25 seconds when every-
thing was ready, the magnitude of
the plant with its myriad of wires
and the almost human devices of
the new automatic switchboard con-
veys in a measure the wonderful in-
tricacies of the Bell Telephone system
and the magnitude of its operations.

Wonderful as is the development of
the telephone, it is a comparatively
recent invention. Every man and wo-
man 50 years old can well remember
when there were no telephones in ex-
istence and when the invention was
announced that people could talk to
each other at a distance by wire, the
same as they could telegraph by
sound. Then the 15-year-old child-
ren who are the 50-year-olds today,
improvised amateur telephones by
punching a hole in the bottoms of
two empty cans, and connecting them
with a long string as wire. In
1876 and it was only a year before
that Alexander Graham Bell, a young
teacher of acoustics and elocution in
Boston discovered that he could

transmit a sound wave over a wire by
means of a crude instrument he had
devised with no other electrical force
than a couple of magnets.

This was the beginning of the tele-
phone—in 1876. A year later the dis-
covery was announced to the world,
and the invention was exploited at
the Centennial Exposition at Philadel-
phia in 1876. It was at first regard-
ed as a toy, and received with incre-
dubility by the public. Leading news-
papers that today depended entirely
upon the telephone for the collection
of the greatest part of their news
matter, scoffed at the invention and
characterized the inventor as an im-
practical dreamer. Then followed the
process of introducing the telephone
and building up a business.

Looking at the marvelous intricacy
of the plant system that has been in-
stalled in Charleroi it is hard to real-
ize how it has been developed from
two instruments at the ends of a
single wire. It is also hard to realize
that the great and powerful Bell Tel-
ephone company at one time had the
hardest kind of a struggle for ex-
istence and came very near being
wiped out of existence by the West-
ern Union Telegraph company,
which finally awoke to the dangers of
the possibilities it offered. Now the
Western Union has succumbed to the
inevitable and has been during the
last year or more absorbed by the Bell
interests. All this has happened in
35 years, and looking back over that
period and reviewing the advances
and developments that have been

GIVE SUPPER FOR ATHLETICS

To secure funds for athletics pupils
of the Charleroi High School gave a
supper Saturday night in the low-
stutter building on Fallowfield ave-
nue. Nearly 300 people attended
and it is estimated the receipts will
be approximately \$70. High School
is preparing for their field meet to
be held on May 11 at the Charleroi
Base Ball park. Monessen and Mon-
ongahela High Schools are to partici-
pate.

Choral Club Meeting.
The weekly meeting of the Char-
leroi Choral Club has been announced
to be held this evening at 8 o'clock at
the Methodist Episcopal church.

For Women Who Care

Of course you use an antiseptic in your
family and in the care of your own per-
son, and you want the best.

Instead of what you have been using
such as liquid or tablet antiseptics or
peroxide, won't you please try PAXTINE,
a concentrated antiseptic powder to be
dissolved in water as needed.

Paxtine is more economical, more
cleansing, more germicidal and more
healing than anything you ever used.

Paxtine
ANTISEPTIC

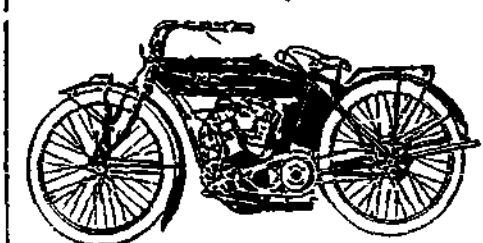

In the toilet—to cleanse and whiten
the teeth, remove tartar and prevent
decay. To disinfect the mouth, destroy
disease germs, and purify the breath.
To keep artificial teeth and bridgework
clean and odorless. To remove nicotine
from the teeth and purify the breath
after smoking. To eradicate perspira-
tion odors by sponge bathing.

As a medicinal agent for local
treatment of feminine ills where pelvic
catarrh, inflammation and ulceration
exist, nothing equals hot douches of
Paxtine. For ten years the Lydia E.
Pinkham Med. Co. has been regularly
advising their patients to use it because
of its extraordinary cleansing, healing
and germicidal power. For this pur-
pose alone Paxtine is worth its weight
in gold. Also for nasal catarrh, sore
throat, inflamed eyes, cuts and wounds.
All druggists. 25 and 50 cents a box.
Trial box and testimony of 31
women free on request.
THE PAXTON TOILET CO., BOSTON, MASS.

made in this one particular line, is it

Popular Confidence An Asset to a Bank

The confidence of the people
is one of the best assets a bank
can have.

The bank that gains and holds
the popular good-will must show
itself worthy of the trust.

That the Bank of Charleroi
has the people's confidence, its
deposits of more than \$1,300,000
bears eloquent testimony.

It is the constant aim of the
officers and directors, by im-
provements to service and in-
creased protection to depositors
to deserve and keep the posi-
tion of trust accorded it by the
people.

Your account is invited,
whether it be large or small.

LOOK OUT FOR THE CARS

DO YOU know of anyone
who is old enough to
read, who has not seen that
sign at a railroad crossing?

If everyone has seen it at some
time or other, then why doesn't
the railroad let the sign rot
away? Why does the railroad
company continue to keep
those signs at every crossing?

Maybe you think, Mr. Merchant,
"Most everybody knows my
store, I don't have to advertise."

Your store and your goods need
more advertising than the rail-
roads need to warn people to
"Look Out for the Cars."

Nothing is ever completed in the
advertising world.

The Department Stores are a
very good example—they are
continually advertising and
they are continually doing a
good business.

If it pays to run a few ads round
about Christmas time, it cer-
tainly will pay you to run ad-
vertisements about all the time.

It's just business, that's all, so

TAKE NOTICE: All who are concerned in this Appraisement that an opening will be held at the County Treasurer in Washington, on Saturday, May 4th, 1912, between the hours of 9 a. m. and 4 p. m., when and where you may attend if you think proper.
Thomas C. Luelien, Mercantile Appraiser.

RUFFLES IN FASHION AGAIN
How They Are Applied to Some of the Newest and Prettiest of Gowns.
Ruffles have come into fashion again. Slender women and young girls will welcome these delicate trimmings for their dresses.
Some of the newest frocks from Paris have a narrow ruffle around the bottom of the skirt and show the same mode of adorning plain bodices.
A pretty model for a debutante, especially if she be a slender slip of a girl, is a frock of figured net made up over a slip of satin in a delicate shade. Make the bodice perfectly plain, except for a deep V of finely tucked mousseline.
On a straight foundation of net put three lace-edged ruffles three inches wide, letting them overlap very slightly, and arrange them so as to form a point at the ends. Place this over the shoulders of the bodice from the waist line in the back to the waist line in the front, outlining the yoke. Make a plain, close-fitting sleeve, with a narrow lace edge to correspond with the ruffle edge, and finish the low-cut neck in the same way.
Make the skirt slightly full around the waist and shirr it in at the knees, where the same width ruffles that are on the bodice are repeated. Turn in a three-inch hem and have the skirt ankle length.
Narrow ruffles are being applied to the new gowns in many different ways. The surprise effect is obtained sometimes with a broad piece of embroidery laid on over the shoulders and edged with a narrow ruffle of lace or hemstitched batiste or handkerchief linen.
Ruffles of embroidery or lace edge sailor collars, cuffs and the broad trimmings of lingerie hats.
Graceful ruffles are again appearing on the hem of skirts. Although this fashion seems like a revival of the old one, it is somewhat changed by having these flounces made of the softest possible material and put on rather scant; but even so they give a soft finishing touch that is impossible to obtain in any other way.
CASE FOR THE HAIR BRUSHES
Any Material That is Strong May Be Made Use Of for This Valuable Appurtenance.
This is a useful case for men's hair brushes, and it may be carried out in any fairly strong material. It must in a measure be specially made for the particular brushes it is destined to contain, as brushes of this kind vary in shape and size, and the case should fit them closely.
Two oval pieces of cardboard should be cut out just a trifle larger in size than the back of the brush, and smoothly covered with the material that has been selected. The brushes can then be placed together and in this way the width of the case determined. This portion of the case should be lined, and have an interlining of thin cardboard to stiffen it. The flap, which lifts up for the insertion of the brushes, is bound at the edge with narrow ribbon, and fastens with a button and buttonhole. The edges of the case are finished off with a silk cord, and initials or some pretty little floral design may be worked on either side. For ordinary use upon the dressing table or for traveling purposes, a case of this kind is always handy and helps to keep the brushes clean and free from dust.
Bicycle Wheel in Astronomy.
An interesting use has been found in astronomy for the bicycle wheel. By fitting such a wheel with a series of opaque screens placed at regular intervals and then rotating it with the aid of a small motor at the rate of from 30 to 50 turns in a minute before the cameras used to photograph meteors, one investigator has succeeded in measuring the velocity of the meteor's flight. The principle depends upon the interruptions produced by the screens in the trails of light made upon the photographic plates by the flying meteor. The velocity of the wheel is known at every instant by means of a chronographic record, and the length of the interruptions indicate the speed of the meteor.
Turkey's Plan for Undiluted Milk.
The sanitary inspector of Salonica, in Turkey, has adopted a plan for insuring to the public a supply of undiluted milk. He has ordered a supply of cans fitted with valves working in such a manner that a liquid may be poured out but not in. Another opening permits the cans to be filled with milk. The cans, when they are full, are taken to inspection depots, where their contents are chemically tested, after which this second opening is closed and stamped with an official seal. All dealers will be supplied with these cans and compelled to use them.

CLEAN-UP TIME IS HERE

and you will want the best of everything for your home. We can supply your wants in Carpets, Rugs, Linoleums and Shades; in Curtains, Curtain poles and Scrims. These are things that you will need to freshen up at your Spring Cleaning.

AGED "CHILDREN"

Fathers Were in Revolution

There are still living in New England ten or more persons whose fathers were American soldiers in the Revolutionary war. All of them are over 90 and some over 100 years old.

All aged and elderly persons can add greatly to their comfort by keeping their energy and strength up to the highest point through the use of Vinol, our delicious cod liver and iron preparation without oil.

Mrs. A. M. Bassford, 86 years old, of Harrisonburg, Va., says: "I have been using Vinol for the past three years and am on my thirty-second bottle now. I think Vinol will do all it is recommended to do and that it is all that has kept me alive the past three years. I tried almost every other medicine and found Vinol the best."

Vinol is fine for old people because its immediate effect is to sharpen the

appetite and enrich the blood, building up natural strength and energy. We guarantee Vinol to do all this and pay back your money if it does not. Piper Bros. Druggists, Charleroi, Pa.

Miss Mary Booth of Pittsburgh has been visiting at the home of her uncle H. J. Booth of Crest avenue.

"Women All At Sea"

There are thousands of women today entirely at sea, so to speak, as far as their ailments are concerned.

Many are suffering in silence rather than consult a physician, while many others have sought advice and taken medicines without help and are literally discouraged.

Such women should remember that Lydia E. Pinkham's Vegetable Compound may be relied upon to act promptly and thoroughly in such cases. It strengthens the nerves and muscles and restores the female system to a normal healthy condition.

OSTEOPATHS IN SESSION

Name Officers for Ensuing Year—Dr. Wright Retires as President

Dr. C. C. Wright attended the annual meeting of the Western Pennsylvania Osteopathic Association at Pittsburgh on Saturday and participated in the election of officers. Dr. Wright was last year's president. Officers elected Saturday for the ensuing year were: President, Dr. N. C. Husk, Pittsburgh; vice president, Dr. Lloyd P. Irwin, Washington; secretary, Dr. Mary Compton, Pittsburgh; treasurer, Dr. Silas Dinsmore, Pittsburgh.

BELL EMPLOYEES ORGANIZE TEAM

A baseball team has been organized by the Bell Telephone employees here and an effort is being made to secure games with some of the best independent teams of the vicinity. The lineup will probably be: Bolen, catcher; McClintock, pitcher; Williams, short stop; Dake, first base; Partridge, second base; Jones, third base; Rickard, left field; Lowe, middle field; Eisman, right field. Mahan, Laughlin and Davis will be substitutes. McClintock, the pitcher and Dake, the first baseman are experienced men on the field. McClintock is now considering an offer from Salem, in the O. & P. league. Dake played at colleges. Others of the team are considered exceptionally good for independents.

TOWNSHIP MUST PAY THE COSTS

(Continued from First Page)

and improvement of roads alleged to contain large sums of money paid A. J. Fisher, Robert Boyd and Robert W. Scott the supervisors for 1907, in violation of the law and for other reasons, including money paid William Abbott, \$321.18, for which no receipts were exhibited and money paid Robert W. Scott, alleged illegally.

An item for \$5,603.02, overdrafts, loans and interest, was excepted to as an error, no vouchers being produced or evidence offered at the audit for the payment of \$4,277.25, of the amount. Exceptions also alleged that an item for \$6,480.41 was an error, no books being produced before the audit from which the auditors could properly arrive at the balance of the taxes outstanding.

The audit was of the accounts of the supervisors for 1907.

Last forever. Improved maleable japanned handles each 10c at Kirk & Clark's. 223-tf

LOCAL MENTION

Harrison D. Mason, former mining engineer at the Charleroi Coal Works, was a visitor in Charleroi Sunday.

Mr. and Mrs. Albert Cordes left this morning for Buffalo, N. Y., where they will spend a few days.

Miss Winifred McKeary of Clayville, a former teacher in the Charleroi schools visited friends here.

Mr. and Mrs. Arch Hornell of Ashtabula, Ohio, have arrived for a visit with their parents here.

C. E. Lantz, a former Charleroi feed dealer, who is now located on a farm near Carmichaels was calling on friends here Sunday and today.

Miss Della Jacobs, who is a student at the Dana School of Music at Warren, Ohio, is visiting her mother, Mrs. Blanche Jacobs, of Second street.

Lee Lowenstein and Alex Schwartz of Brownsville were visitors with friends in Charleroi Sunday.

W. J. Little of Donora was a visitor in town Sunday afternoon.

Miss Leona Evans, who is employed as a milliner at Verona visited over Sunday with her parents, Mr. and Mrs. James Evans of Fifth street.

Frank C. MacHale of Washington was a Sunday visitor with relatives and friends. Mr. MacHale is the baseball coach of the Washington & Jefferson College baseball team.

Don Allen spent Sunday in Fredericktown with friends.

William Jackson, who is employed in Pittsburgh visited his parents Mr. and Mrs. James Jackson of Fourth street over Sunday.

Miss Helen Meeker is spending the day in Pittsburgh.

Mr. and Mrs. Dale Allen of Youngstown, Ohio, were Sunday visitors with the former's parents, Mr. and Mrs. Clarence Allen of McKean avenue.

E. F. Kraemer and R. C. Mountsier have returned from a fishing trip at Howard, Center county.

Frank Arrison was in Uniontown Sunday.

Miss Lulu Trew is spending today in Pittsburgh.

Miss Roberta Trew has returned from a visit with friends and relatives at Beallsville.

Roy James and Doss James, who are students at Pittsburgh schools were over Sunday visitors at their homes here.

Mrs. V. E. Reeves is spending a few days in Pittsburgh with her mother, Mrs. M. E. Riggs.

Ralph Richards of Pittsburgh visited his mother, Mrs. M. E. Richards Sunday.

Louis Mitchell was in Newell Sunday visiting his parents.

Miss Jean Whitehead who teaches at Beaver was at home over Sunday visiting her parents, Mr. and Mrs. R. J. Whitehead of Prospect avenue.

Ed. Welsh of Pittsburgh, a passenger brakeman on the P. R. R., after a week's vacation, some of which was spent in Charleroi, has resumed his duties.

MAKE CUT OVER OF TELEPHONE SYSTEM

(Continued from First Page)

for them. There is absolutely no danger of them quitting on the job so thoroughly are they constructed and so closely are they watched. There is absolutely no danger to the operators from lightning, they being doubly protected by the lightning arrester and other apparatus.

In the new equipment, poles and so forth it took \$18,000 to install the central or common battery system. Central office supplies and fixtures which were set by the Western Electric company cost approximately \$8,000, changes in the subscriber's telephone boxes cost \$4,000, about 100 new poles cost \$1,300, over 11,000 feet of cable cost \$4,000 and \$700 was spent in rewiring. There are about 550 subscribers. The entire second floor of the Charleroi Savings and Trust company building is occupied now by the Bell Telephone company.

Among the innovations will be a room for operators at the southern end of the building. The exchange is in the well lighted room in the front of the building at Fifth street and Fallowfield avenue. Arrangements have been made for rural lines, so that where rural residents having phones on the same party line, will not have to call central to get the person to whom they wish to talk but merely ring them themselves. Incidental with the work being done in Charleroi \$3,000 is being spent in new cable for Donora.

The old equipment in use under the magneto system will be torn out and partly destroyed. A new force of workmen will begin this week on removing the old telephones from the homes of subscribers and replacing them with new ones, on which a crank handle is conspicuous by its absence.

ODD FELLOWS

ATTEND CHURCH

Sixty members of Charleroi Lodge, No. 1030, I. O. O. F., representing the order attended church services in a body at the First Baptist church Sunday morning. Rev. E. G. Stanley, the pastor, preached on the theme, "The Uniqueness of Jesus." The lodge marched from their hall at the corner of Fifth street and Washington avenue to the church, each member wearing the Odd Fellows badge.

Card of Thanks.

We desire to thank the officers of the Supreme Circle of the Protected Home Circle and especially the proper officers and members of Charleroi Circle 303 Protected Home Circle for the prompt payment of one thousand dollars death benefit paid us April 20th on a policy held by our deceased son Linn C. Furnier and most heartily recommend the order as a safe, prompt and reliable protection in cause of death.

Henry Furnier and Family.

Copeland being the advertising manager who worked it up. Earl Taylor is the manager of the show and Frank Miller is the assistant manager. The performance will be repeated Tuesday night.

HAS PICTURES OF TITANIC

(Continued from first page.)

phone to be used in case of storm, the first, second and third cabin promenades, the loading of passenger's baggage the forward view of the three cabin decks and finally the thousands cheering as the boat laden with its precious human freight moves away on its fatal voyage. Probably the most striking of all the pictures is the view of the second cabin deck. This picture gives one a clearer conception of the immensity of the steamer. The last view is also peculiarly striking, showing as the Titanic moves out of the dock the passengers crowding every deck. Then comes a realization of the terrible catastrophe which sent 1,700 souls into eternity.
